

## OPTION 1 - FEATURES

Creates an open space at the west of Market Hill which could be used for the Market, special events, fairs, etc.

Reduces the amount of short-term parking.

Provides wider pavements.

Re-positions the war memorial to outside the Town Hall.

Re-positions the Cromwell statue.

Allows for an altered lay-out for the Monday Market.

No road in front of The Golden Lion or the Free Church.

Deliveries to the west end of Market Hill will be more difficult.

There is no provision for lorries turning at the western end of Market Hill, except by reversing back and forth.

The western end of Market Hill is the dullest, sunless and coldest part of the square.

## OPTION 2 - FEATURES

Creates a smaller open space at the west of Market Hill than Option 1 but which could still be used for the Market, special events, fairs, etc.

Reduces the amount of short-term parking but creates some 'blue badge' parking.

Provides wider pavements.

Re-positions the war memorial to outside the Town Hall.

Re-positions the Cromwell statue.

Allows for an altered lay-out for the Monday Market.

No road in front of The Golden Lion or the Free Church, but provides an unloading bay in front of the Free Church.

Deliveries to the west end of Market Hill will be more difficult.

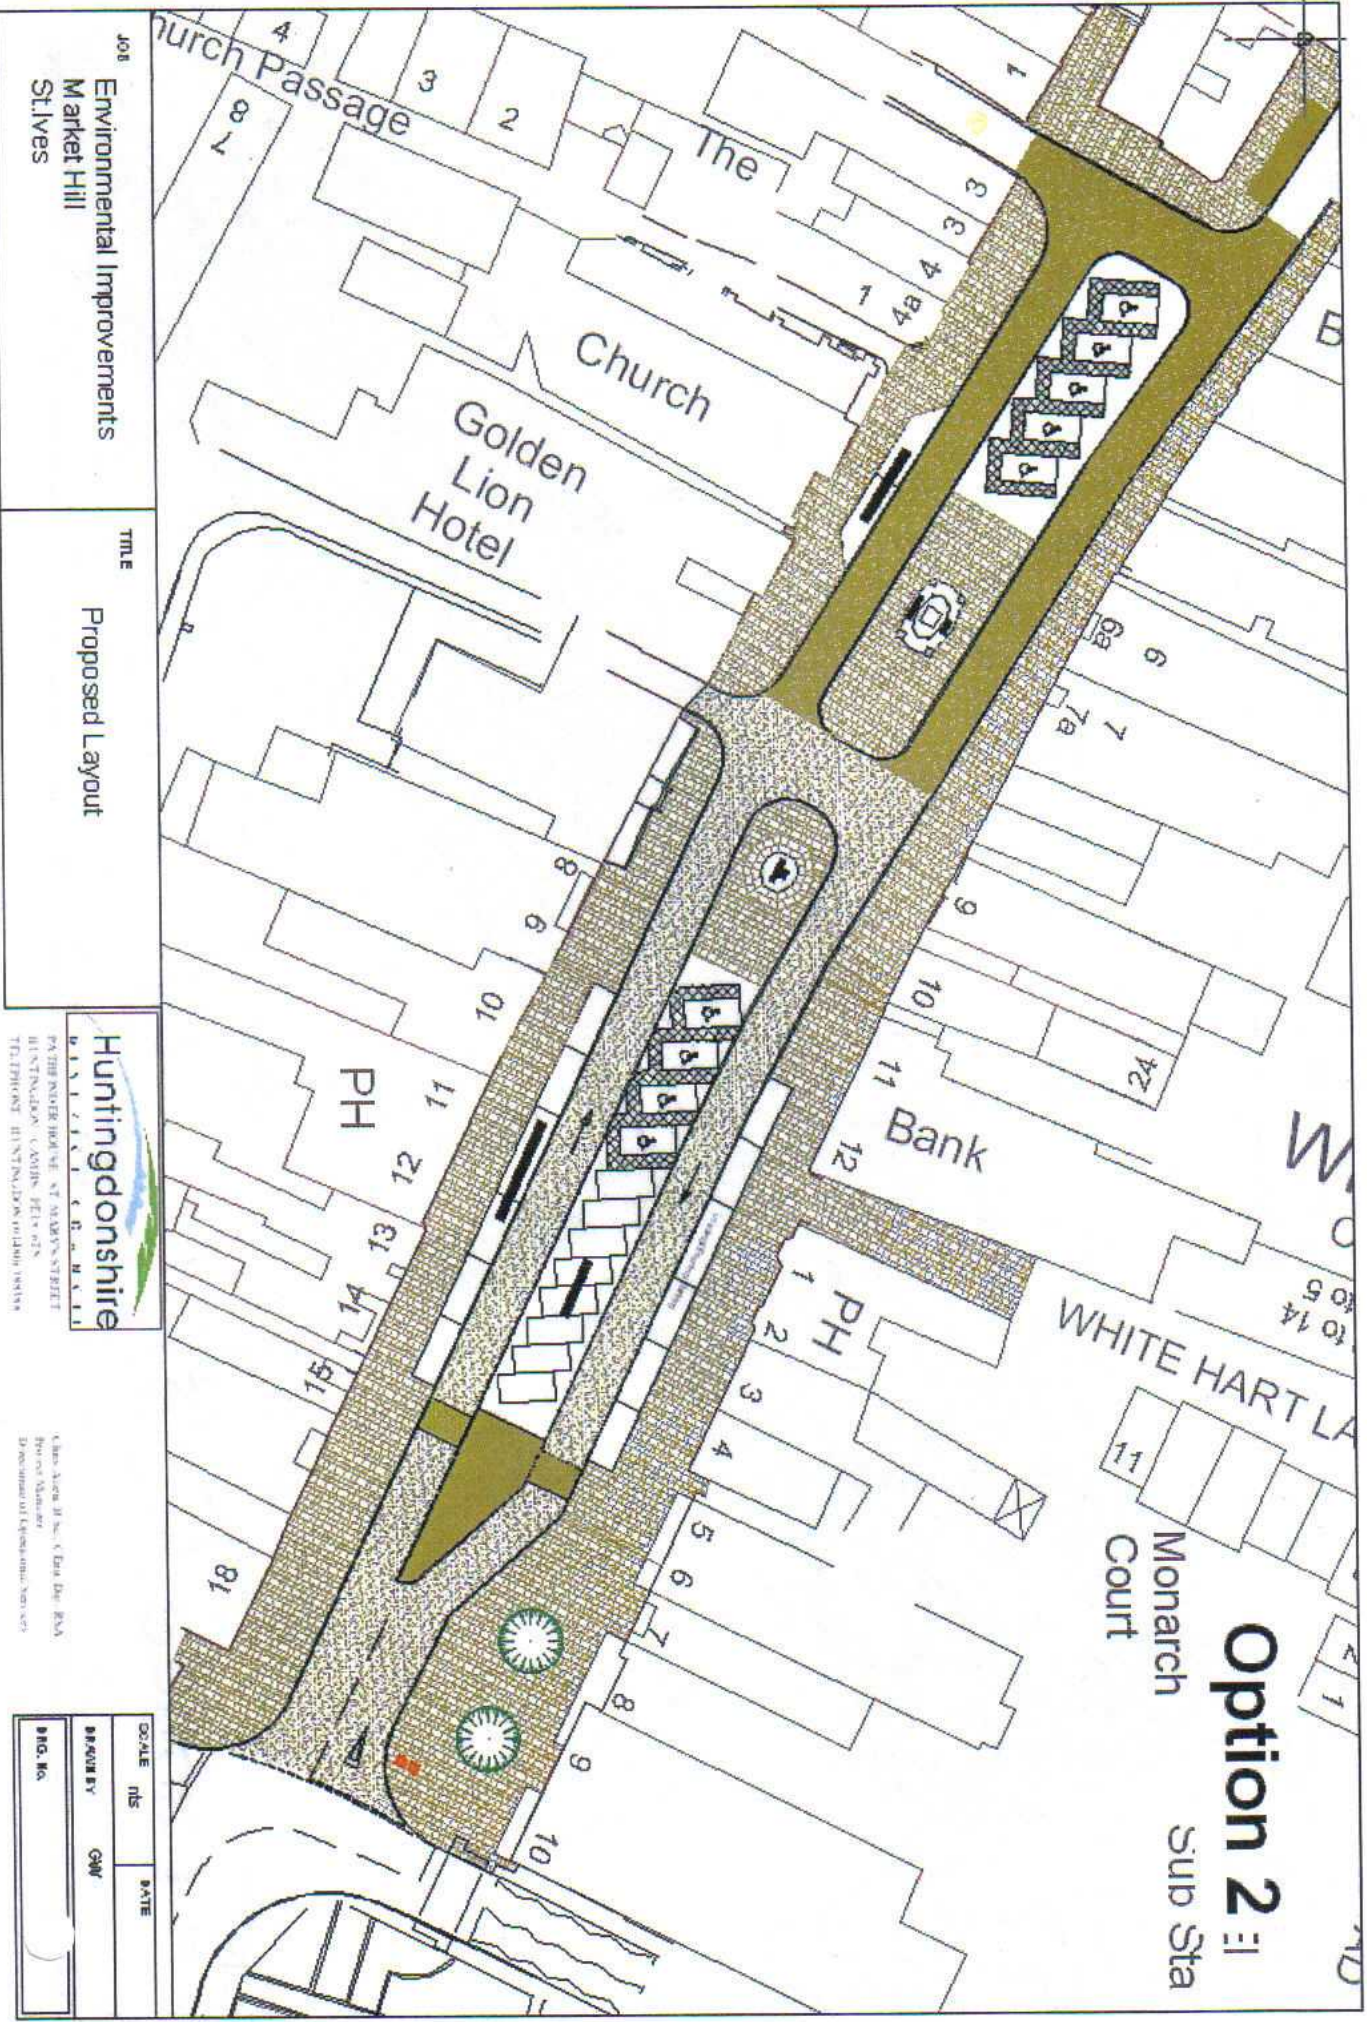

There is no provision for lorries turning at the western end of Market Hill, except by reversing.

The western end of Market Hill is the dullest, sunless and coldest part of the square.
